A VOICE FROM THE TOMB.

The republican party, foreseeing a political tempest, gave the stamp of its approval to the Pendleton civil service reform act, and furnished the financial support for the administration of that law, thus repeating the obduracy in Grant's time, when civil service reform perished for lack of salaries. The presence of the republican head men was generally acknowledged when Cleveland led his party to victory and began a courageous if somewhat quixotic attempt to give effect to a law for the relief of a defeated party.

It is to be remembered with disgust and contempt the spoils-hunters of the democratic organization returned from Washington when it had been ascertained that the president would appoint democrats to office only in vacancies and when it would improve the public service. That the president adhered valiantly to this and other reforms and lost votes by the operation, is inscribed in every political history of the time. Bitter in their resentments, the disappointed spoilsmen bided their time, and now rejoice in the success of Harrison.—Chicago Herald.

This is a voice from the tomb—a whine from a disappointed, dyspeptic, fussy old sheet that can't and won't deal with a political question with courage, candor and fairness. There never was a president since the time of Jackson that made more changes in office for political reasons than Grover Cleveland. He had no sort of respect for civil service. He wouldn't even acknowledge that it had any right to exist. Not only all this but the Herald knows as well as any republican can know, that Cleveland put some of the worst machine men, wire pullers and political schemers in office that ever got their living out of the government.

What is the record of the Herald's reform president on charges? It is simply this—and it is the coldest farce ever known in politics—that in a little over three years, out of 56,134 places in the civil departments of the government, Cleveland put in 42,992 democrats. He changed all foreign ministers, all collectors of customs, all surveyors of customs, all collectors of internal revenue, all territorial judges, all Indian agents, but three or four, all United States attorneys, all superintendents of mines and assayers, all pension agents, and nearly every presidential postmaster in the Union—and for goodness sake how much further could the reformer, Mr. Cleveland, go in making political changes? He went to the end of his rope. He made next thing to a clean sweep and if Harrison and every member of his cabinet were to work with all their might during the next four years, they cannot beat the record of Mr. Cleveland.

THE PRESBYTERIAN GENERAL ASSEMBLY.

The general assembly of the Presbyterian church of the United States met in the Fourth Avenue Presbyterian church—the Rev. Dr. Howard Crosby being on Thursday the 16. The opening sermon was delivered by the Rev. Charles L. Thompson, the retiring moderator who at one time was pastor of the Presbyterian church in Janesville.

The general assemblies of the Presbyterian church are quite significant in their character because the denomination is becoming a powerful body in this country. It is not only growing rapidly but it has in its ministry some of the brightest minds, the ripest scholars and the foremost pulpits of the United States. In 1883 the total number of communicants in the Presbyterian church north, was 600,035. In 1886 the number reached 667,000; and in 1887, a little over 696,000. This does not include, of course, the Presbyterian church south, whose membership was 150,398 in 1887.

There will be matters of vital importance to the church brought up for discussion and settlement. Some favor revising the confession of faith; and one Presbyterian asks that the proper steps be taken for a revision of the third chapter of the confession of faith, "Of God's eternal decrees." This question has been before the general assembly at a previous session, but no definite steps were taken. It is stated that "there is evidently a good deal of restlessness among Presbyterians on the subject. The great difficulty in the way of action is that no modification of doctrinal statement is a matter so fundamental to the Calvinistic scheme involves, of necessity, other changes, and for radical revision the theologians are not ready."

There is another question of much importance to the church which will come up for hearing at this convention of the general assembly, and that is regarding an organic reunion of the Presbyterian church north and south. There is no reason why these two bodies should be separated. The evil that took them apart in 1861—that of slavery—has been wiped out for ever, and now let them come together with the same spirit that the Old and the New, school did in 1874, and sing as was sung then—

"Blest be the tie that binds."
The report of the growth of the church both north and south is, the latter shall be received, will show a membership pressing on to nearly one million.
Milwaukee is more lively now than it has been in many years. The east and

west sides are in a wrangle over the post office site and the town is really enjoying a season of fun.

AN EXTRA SESSION OF THE LEGISLATURE.

The State Journal makes the statement that an extra session of the legislature is likely to be called for several reasons, the chief one being because of an egregious blunder having been made in the rape law. According to the Journal, in remodelling that law the legislature made such changes that no penalty is provided for the rape of a female over 12 years of age. The mistake occurs in section 4381 of chapter 181, revised statutes. In the second line of that section the word "under" was substituted for "more," thus making it read: "Any person who shall ravish and carnally know any female of the age of 12 years or under by force," etc., etc., shall be punished, etc. The female's age was also changed to 12 years, as above noted, but this is an incidental feature. The whole trouble lies in the fact of the use of the word "under" for "more," thus making no provision for the punishment of a person committing rape when the female is more than 12 years old. The error was discovered when lawyers began to look up the law applying to the case of Paul Kose, who is held for the rape of Mrs. Trip in LaCrosse county recently. They found that as the latter was over 12 years of age, the law made the offense no crime. The sheriff of LaCrosse county called Governor Hoard's attention to the matter, and the latter will have a conference with certain prominent lawyers and legislators in his office to discuss the situation.

A second reason for the calling of an extra session is that two years ago the legislature changed the law relative to the holding of terms of court in the 12th judicial circuit, composed of Hook, Jefferson and Green counties. As changed it provided, among other things, that a term of the court should be held in Green county the second Tuesday in June and one in Jefferson county the third Tuesday in June, thus, as will be seen, limiting the Green county term to one week, which is all too short a period. It also made the two terms in Green county only six weeks apart. The last legislature repealed this law, but through some error, neglected to enact another to take its place.

Two other reasons for calling an extra session as given by the Journal are these: The legislature made extraordinary appropriations—including those to Littlejohn et al.—and made no provisions for their payment, contrary to the recommendation of the secretary of state. This is a matter also meriting legislative consideration.

A mistake was also made in regard to the time for the opening of the prairie chicken season. The legislature intended to make the time September 1, but through a clerical error it is in the new law August 1.

Of course Governor Hoard naturally feels deeply concerned over these grave errors and desires to have them corrected.

It is not often that Chauncey M. Depew is confounded or dumfounded, but he met with an old friend who has both surprised him and made him irritable. When Mr. Depew was preparing his centennial speech on Washington and so fourth, he wrote to his old friend the Rev. E. P. Towne, of Washington, to visit the congressional library and make some notes for him which might be useful in the proposed speech. Mr. Towne did so, and charged \$1,500 for the work! Mr. Depew did not use the material furnished by Mr. Towne, and refuses to pay the bill. He does not want to be squeezed, and will contest the matter in the court.

It would be a dull session in Washington if it was not for Jerry Rusk. He has lots of exploits as a practical man of affairs; all of which amuse the people down there very much.

FREDERICK T. ROBERTS, M. D., physician to and professor of clinical medicine at University College Hospital, London, England, says: "Bright's disease has no symptoms of its own, and may long exist without knowledge of the patient or practitioner, as no pain will be felt in the kidneys or that vicinity." This accounts for many people dying with Bright's disease, or advanced kidney malady. The disease is not suspected until it reaches a fatal period. If Warner's Safe Cure is used at the proper time, the fatality from that disease would be greatly lessened. Dr. Thompson also says: "More adults are carried off in this country by chronic kidney disease than by any other one malady except consumption."

Bishop Tuizig Dying.
ALTOONA, Pa., May 17.—Rev. Bishop Tuizig, of the Pittsburgh diocese of the Roman Catholic church, is thought to be dying. He is lying at the parsonage of the St. John's church surrounded by many priests of the diocese. The last rites of the church have been administered to him. He has been unconscious for the past two days, and all hopes for his recovery have been abandoned. Bishop Tuizig was ordained a priest forty years ago, and was consecrated Bishop of Pittsburgh in 1870. In November, 1882, he was stricken with paralysis, from which he never fully recovered.

Underwriters Talking Over Business.
New York, May 17.—The twenty-third annual meeting of the National Board of Fire Underwriters was held here this morning and was devoted to hearing papers by different members. One of the speakers denounced the recent insurance legislation in the West, and particularly in Texas, and said such special legislation is not constitutional. The matter was referred to a special committee.

Dr. B. Mincer, the eminent oculist of Detroit, Mich., will visit every town in this country during the summer. Anyone suffering with weak eyes, or eyes abused by inferior glasses, should not fail to see him. Orders left at the post-office will be promptly attended to. No extra charge for examining or visiting patients at their homes.

THOUSANDS HOMELESS.

TERRIBLE HAVOC BY THE QUEBEC FIRE.

Twenty Hundred Families Suffer Heavy Loss—A Week in the Pacific—Various Casualties.

QUEBEC, May 17.—Five thousand people are homeless here. A terrible fire, which started Thursday morning in the house of Mrs. McCann, in St. Sauveur, swept over a great district and laid 700 homes in ashes. St. Sauveur has but a poor fire department and although great efforts were made to stop the flames, the loss was only checked when all material within reach of the fire had been consumed. Besides the great loss, which will amount to \$500,000, several persons were killed by an explosion. The flames spread with great rapidity through the wooden district which surrounded the place where the fire originated. Help was asked from this city and Quebec engines were quickly sent, but owing to a lack of water their efforts were crippled. Battery B was finally called out and rendered valuable assistance in fighting the flames. While the military were repairing to blow up some houses to check the spread of the flames a premature explosion took place in one of the houses, killing Major Short and injuring Sergt. Wallick of battery B. But were buried in the ruins, Sergt. Wallick being taken out alive.

The fire burned itself out, after reaching the limits of St. Sauveur, the toll-gate keeper's house on Yaller street being about the last to go. The district North and West of Massau and St. Ambrose streets has been swept clean, with the exception of a portion of Yaller street. About 700 houses were burned. As many of them were tenements, the number of families homeless is not less than 1,200, comprising 8,000 or 9,000 persons. Mr. Mercier and other prominent men are interesting themselves in behalf of the homeless people who are camped in the country. Applications have been made to Sir A. P. Caron for the use of a drill shed and other government buildings to shelter those who are yet camped out in the fields. The clergy are distributing food and steps are being taken to organize a regular system of relief. The majority of the people burned out are of the laboring class and as insurance rates were very high few have anything to fall back upon.

The total loss by the fire is estimated at \$500,000, with insurance of less than half. Sergeant Wallick is still alive in the Marine hospital. He is very seriously injured and is not likely to recover. The remains of Major Short will be taken to Kingston for burial. There will be a military funeral. St. Sauveur is a separate municipality from Quebec, but is separated from this city by only the width of a street. It has a population of about 15,000. Only Wednesday night the St. Sauveur officials refused an offer of this city to supply them with water.

A PACIFIC STEAMER LOST.

The Alaskan Founders in a Gale Off Cape Blanco—Eleven Sailors Drowned—PORTLAND, Oregon, May 17.—The steamship Columbia, which just arrived at Astoria, bound from San Francisco to Portland, brings reports of the loss of the Oregon Railway & Navigation company's magnificent side-wheel iron steamer Alaskan. This vessel is reported to have foundered at sea off Cape Blanco, Sunday, May 13, while on her way from Portland to San Francisco. Only meager particulars have been received. The Alaskan left Portland last Saturday bound for San Francisco, where she was to go on dry dock for some repairs preparatory to being placed on the Puget Sound route. It is supposed that she encountered a very severe gale while on her way down the coast. The steamer fortunately carried no passengers, having on board only the officers and crew when she went down. Cape Blanco is some four hundred miles south of the mouth of the Columbia river. The steamship Columbia, which was coming up the coast, picked up the captain, mate, and eleven of the crew, and brought them to Astoria. Eleven men are reported to be drowned. Two boats containing the remainder of the crew have not been heard from.

The Alaskan was commanded by Capt. Howe of Astoria, with Pilot Woods of that city as first officer. The chief engineer was M. Swain of Seattle, and A. A. Wales of Astoria was her steward. The names of the rest of the crew are not known. The vessel was built in 1883 at a cost of \$550,000 and was insured for \$200,000.

Eight Hurt in a Wreck.
PITTSBURG, Pa., May 17.—A wreck on the Pittsburgh, Virginia & Charleston railroad, near Ormsby, a suburb of this city, at 7 o'clock Thursday morning resulted in the injury of eight workmen, three of whom being seriously hurt. Following is a list of the injured:

JOHN WIEBE, aged 41 years, married, head badly crushed will probably die.
JOHN FERRIS, aged 32 years, both legs broken and injured internally; believed to be fatally hurt.
WILLIAM REARDON, leg crushed and hurt internally.
DANIEL MORRIS, conductor, cut and bruised.
THOMAS HARRIS, arm smashed.
DELAVER, shoulder broken.

Two others, whose names could not be learned, were bruised and cut. The accident was caused by a freight train, which was backing out of a siding when the workmen's train was standing.

A gang of nearly one hundred laborers, mostly Hungarians, were on the cars and their escape is considered remarkable. A number of cars were badly wrecked.

Theater Burned at Worcester, Mass.
WORCESTER, Mass., May 17.—The Worcester theater was destroyed by fire shortly after 3 o'clock this morning. The flames apparently started in the rear of the building near the stage. Explosions followed, each other in rapid succession, and in a short time the roof fell in. The Bay State hotel stands next to the theater and was only saved by heroic work on the part of the firemen. The company fulfilling an engagement this week lost \$11,000 in costumes, scenery, etc. The building was erected in 1860 for the storage of fruit, but was fitted up as a theater in 1868.

Awful Accident to a Lady.
ELGIN, Ill., May 17.—Mrs. E. V. Stewart, wife of the manager of the Washington Ice company, while walking along the railroad track this morning, was run over by a north bound Lake Geneva passenger train. Both legs were severed from the unfortunate lady's body. She will probably die.

Smoked Oil Cakes.
TRENTON, N. J., May 17.—The Trenton oil-cloth works were destroyed by fire this morning. The works were the largest of the kind in the East. The main building alone was saved. The loss is \$300,000, and is partially covered by insurance.

Dyspepsia causes depraved blood, which in time affects every organ and function of the body. As a remedy for these troubles, nothing can approach Ayer's Sarsaparilla. It vitalizes the blood, strengthens the stomach, and corrects all disorders of the liver and kidneys.

A CARD.

All who are suffering from the errors and misdirections of youth, nervous weakness, early loss of manhood, etc., I will send a recipe that will cure you. FIFE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to me. JOSEPH T. LINCOLN, Station D, New York City.

PRESIDENTIAL APPOINTMENTS.

Clark Carr Will Represent the United States in Denmark.

WASHINGTON, May 17.—The following appointments have been made by the President:

Solomon Hirsch of Oregon, envoy extraordinary and minister plenipotentiary to Turkey.
Clark E. Carr of Illinois, minister resident and consul general in Denmark.
Henry M. Severance of California, consul general at Honolulu.
John Jarrett of Pennsylvania, consul at Birmingham.
Thomas H. Sherman of the District of Columbia, to be consul at Liverpool.

Made Pensioners by the Samoan Disaster.
WASHINGTON, May 17.—Applications for pensions are beginning to come in at the pension office from the widows and dependent relatives of the officers and men who lost their lives in the recent naval disaster at Samoa. The widow of Capt. Shoemaker of the Vandall filed her claim a few days ago and it has been submitted to the proper division for allowance. Her pension will amount to \$30 a month. Today a colored woman, whose son was employed on one of the lost vessels appeared at the pension office and filed her claim for pension. She will be allowed \$15 a month.

Needles Denies the Accusation.
WASHINGTON, May 17.—The Department of Justice has received a report from Marshal Needles denying that he has, or has at any time had, any kind of direct or indirect, in Oklahoma lands or lots. He says that he understands that two or three of his deputies have taken quarter sections of land or town lots, but this was done without his knowledge or consent. He proposes to make a thorough investigation, and expresses a desire to meet his accusers face to face.

Fiscal Female Clerks.
WASHINGTON, May 17.—Senator Saunders of Nebraska, member of the United States commission, and the Rev. Mr. Townsend of Richmond, Ind., the new recorder of the land office, have been sworn in. Some of the female clerks in the latter office are indignant at his appointment because he is colored and object decidedly to serving under him. They say they can not show the respect due to a chief to him and are beseeching Secretary Noble with applications for transfers to other offices.

Lead-Mine Owners Pleading.
WASHINGTON, May 17.—The arguments of the lead-mine owners before the Assistant Secretary of the Treasury for an increased duty on lead ore, which has been concluded. The Secretary has taken the matter under advisement. Indications do not point to any change in the regulations.

DR. CROBIN ALL RIGHT.

Seen at Sherwood, N. Y. Two Days After He Left Toronto.

CHICAGO, May 17.—Chief of Police Hubbard has received a letter from the chief of police at St. Catharines which leaves little doubt that Dr. Cronin has been in Canada, as already reported. The letter is as follows:

"ST. CATHARINES, Ont., May 14.—Chief of Police, Chicago—DEAR SIR: I have just received information from a person who knows that Dr. Cronin was at Sherwood, N. Y., on the 13th of the present month. You can depend upon this report as being correct. Yours very truly,
"JOSEPH G. CUMMINS, Chief of Police."

Chief Hubbard and Lieut. Elliot are convinced from the above letter that Dr. Cronin was in Canada and in Sherwood, as stated in the letter, as they say they do not believe the chief of police would mislead them in the matter. Then, too, it looks very likely, because of the morning of the 11th that C. W. Long says Cronin so mysteriously disappeared from Toronto, and they think that he was seen in Sherwood, as reported. Lieut. Elliot will telegraph a full description of Dr. Cronin to the chief of police of Sherwood and ask him to make a thorough search for the missing man.

VIRGINIA COUPONS.

Gov. Lee Denies That the Treasurer Has Been Flooded with Them.

RICHMOND, Va., May 17.—Gov. Lee was asked yesterday if he had seen the published statement made a day or two ago that notwithstanding the Governor's crusade against the coupons \$105,000 more coupons had forced their way into the State treasury this year than last. The Governor said reply that the statement to which his attention was called was erroneous. "The tax payments have not all been reported yet, but I think I can confidently state, said the Governor, 'from information in my possession, that there will probably be about \$200,000 less paid in coupons, instead of \$105,000 more, this year than last, and that the crusade, as it is termed, has saved the State many thousands of dollars. The result has been in accordance with my expectations, for I knew the great majority of the people only wanted to clearly understand the condition of affairs, and I determined that they should be so informed, and not have to rely alone on the statement of the coupon agents."

Capt. Zalinski Sails.
NEW YORK, May 17.—Capt. E. L. Zalinski, the newly appointed attaché to the American legation at St. Petersburg, sailed yesterday on the City of Paris. He will proceed to St. Petersburg by way of London, Paris, and Berlin.

The appointment of Capt. Zalinski to this mission is considered one of the best selections that could have been made. The duty of the military attaché is to observe everything in connection with his branch of the service. He takes note of the handling of troops, new inventions in warfare and everything which will have a bearing on the improvement of American troops or will be to the advantage of the war department.

Full Weight Pure
DR. PRICE'S
CREAM
POWDER
MOST PERFECT MADE

Its superior excellence proven in millions of homes for more than a quarter of a century, it is now the United States Government is honored by the heads of the Great Universities at Cambridge, Oxford, and most healthful. Dr. Price's Cream Baking Powder does not contain Ammonia, Lime, or Alum, sold only in cans.

THE LARGEST IN THE WORLD. Thankful for past favors and soliciting a continuance of the same, I am, Very Respectfully,

Boys' and children's suits at prices that will please you, at Zeigler's.

Pearl Soap is the most elegant toilet adjunct.

WANTS TEN THOUSAND DOLLARS.

Will Kelly, Whose Foot Was Cut Off by a Mower, Sues for Damages

A Verdict in the Welch Case for the Milwaukee & St. Paul Road.

Judge Bennett began to-day the trial of Kelly against the Milwaukee & St. Paul road. The plaintiff is a twelve-year-old boy who fell under the mower of Nelson Cole on Mr. Cole's Johnstown farm. Both feet were terribly mangled. Kelly asks through his guardian for ten thousand dollars.

In the two thousand dollar damage suit of Nora Welch against the Chicago, Milwaukee & St. Paul road, a verdict was rendered for the defendant.

BRIEFS.

—Only a Country Girl at the opera house this evening.

—Attend the citizens Memorial Day meeting this evening.

—Remember the "Little Gypsy" next Tuesday and Wednesday evenings.

—Seven new members were added to the Light Infantry last evening.

—Mr. S. P. Wilcox, of the second ward, is confined to the house with pneumonia.

—The Fortnightly club and their friends will dance this evening in All Souls' church parlors.

—Mr. W. H. Hall is at Evansville attending the funeral of his grandfather, A. Johnson, who died Thursday.

—Rock River Encampment No. 3, I. O. O. F., occupy Old Fellows hall this evening—regular semi-monthly meeting.

—The decorators selected for Memorial day are requested to meet at G. A. R. hall on Saturday afternoon at three o'clock.

—John Brown will not come up for trial on the charge of assault and battery made against him by his wife. The case has been settled.

—E. C. Burdick, secretary of the Janesville Traveling Men's Association, is now able to appear on the streets, after a two weeks' illness.

—One of G. K. Colling's workmen was somewhat hurt by a fall from a house in Forest Park yesterday afternoon. There were no bones broken.

—Mrs. Hiram Cummings, nee Miss Lezlie Grove, of Glenwood Springs, Colorado, is in the city visiting her parents, family relatives and friends.

—Our patriotic citizens are reminded that the Fourth of July falls on Thursday this year. Do you propose to celebrate? It is time to begin arrangements.

—People's Lodge No. 460, Independent Order of Good Templars, assemble in regular weekly meeting this evening—Lodge room in the Court Street M. E. church block.

—Remember and attend the citizens meeting at the council chamber this evening for the purpose of making arrangements for the observance of Memorial Day.

—Five dollars reward will be paid for information that will lead to the arrest and conviction of the boys who killed the gold fish in the court house park fountain yesterday. PARK COMMITTEE.

—Olive Branch Lodge No. 36, Ancient Order of United Workmen, assemble in regular semi-monthly meeting this evening—Lodge room in the Smith block, East Milwaukee street.

—The fire police have twenty-five brass and nickel lanterns, good as new, that cost \$4 each. You can buy one at Heimstreet's drugstore for one dollar, if you take advantage of the offer quick.

—The most pleasing entertainment of the season will be the opera of the "Little Gypsy," given by the Children's Musical Society, next Tuesday and Wednesday evenings at Lappin's opera house. Tickets for sale by the children.

—A programme that is full of interest has been arranged for the missionary rally at the Congregational church tomorrow. Sessions will be held under the auspices of the King's Daughters both morning and afternoon.

—It was only the dead man that missed it at the opera house last night. Revolvers were cracking on all parts of the stage and each shot was followed by a howl of applause that could be heard at the freight depot and that made the small boys who were unable to get in butt their heads against the wall with vexation.

—Miss Lilly Bub was pleasantly surprised last evening by a large number of her young friends calling on her at the home of her parents, Mr. and Mrs. Michael Boub, 6 South River street. The young people experienced a most enjoyable evening in dancing, music and other social enjoyments, the party breaking up at a late hour.

—A Janesville young man, aged nineteen years, was brought into the municipal court in Madison yesterday, he having applied for lodgings at the police station. He was attempting to make his way to St. Paul, where he said he had been promised work, and the judge, after cautioning him against following the life of a tramp, allowed him to depart.

—Ald. Chas. Horn, chairman of the gas committee of the city council, is experimenting with oil lamps, in hopes of furnishing the residents in outlying districts not reached by the gas mains with some light. He has one sample lamp now on exhibition at the corner of West Milwaukee and South River streets, and desires people interested to examine it. Probably other styles of lamps will be given a trial.

—The fifteenth annual meeting of the Janesville District Association, of the Women's Foreign Missionary Society, will be held in the M. E. church, Evansville, Wisconsin, next week, May 21st and 22nd. The opening exercises will be Tuesday at one o'clock in the afternoon. Any member of the societies in this city attending the meeting will be recognized as a delegate. A large delegation is hoped for.

NEW ICE CREAM PARLOR.

Mr. Theo. Laner, the proprietor of the "Fashion" bakery at 33 South Main St., has made arrangements to open a first class ice cream parlor in connection with his business. He will handle the best grades of cream and offer the best prices. Call.

OBITUARY.

MISS ANNA SMITH.

Miss Anna Smith, daughter of Mr. and Mrs. Patrick Smith, of the town of Rock, died last evening, after a brief illness, aged twelve years. Her father had but partly recovered from injuries received by a runaway accident last winter, and her death at this time is a sad bereavement to the family. Her funeral will be held from St. Patrick's church at ten o'clock to-morrow morning.

DOLLY MAY NOONAN.

Death has again invaded the family circle of Mr. and Mrs. John Noonan, this time taking their little daughter, Dolly May, aged one year, who died at six o'clock this morning, at the home of her grand-parents, Mr. and Mrs. Wm. Lepper, Center avenue. The parents of the little one now reside at Garret, Indiana, the father being an engineer in the employ of the Baltimore & Ohio railway. Only a few days ago the family lost a little son who was afflicted with the same disease—diphtheria. Owing to the nature of the disease, the funeral took place this afternoon at four o'clock, it being conducted in as private a manner as circumstances would permit.

IS WILLING TO DO HIS PART.

A PROPERTY OWNER WHO WANTS WOODEN AWNINGS REMOVED.

"Why don't you newspaper men agitate the enforcement of that awning ordinance passed a few weeks ago by the common council?" said a prominent business man to a Gazette itemizer to-day. "Just look along the streets and see the old wooden awnings and signs, they look beautiful, don't they? Yes, I own that one, and I will give bonds to take it down and remove the post within twenty-four hours after receiving notice that the ordinance is to be enforced. It is a shame to see so many obstructions in the streets. It would be a good thing if the council, after causing all these awnings and signs to be removed as contemplated in the ordinance, would compel all the wires to be placed in the rear of buildings instead of in the streets. The removal would be objected to by those interested, but the interests of the public should be considered first. It would cost the companies no more to put the wires in the rear of buildings than as now—in the front, and the obstructions to overhead wires in a great measure would be removed."

SUPERVISOR LYNCH DYING.

THE END SAID TO BE RAPIDLY APPROACHING.

Supervisor T. M. Lynch, the fifth ward representative in the county board, and a resident of the city for the past thirty-six years, was reported today to be at the point of death. Physicians gave little hope, believing death to be only a matter of hours.

TOO MUCH LIGHTNING.

IT NEARLY BREAKS UP THE TELEPHONE OPERATORS.

Balls of white fire darted around the telephone office in the Smith block this morning. They went so fast they were little more than jagged lines of light that disappeared and then flashed out again; but every time they snuffed the soft-voiced young lady operators gasped and said, "Oh my!" Once in a while a charge heavier than the rest would strike the lightning arrester over the batteries and be scattered in sparks. Then the operators said "Oh my!" twice and held on to their chairs.

"There isn't any danger," they remarked reassuringly after the storm was over. "That lightning arrester carries off everything big enough to make trouble, but it sounds a little bit funny to hear the snapping—thats all."

ARE NOT IN OLD HATS.

AND THEIR PROGRESSIVE WORK HAS BROUGHT SUCCESS.

The May number of The Men's Outfitter, published in New York, contains the following complimentary notice for the Lewis Knitting Works, which will be read with interest:

"The Lewis Knitting Works, in the creation of the goods which have so rapidly become famous in the trade, have taken hold of the problems besetting underwear with the vigor and ingenuity of original explorers and inventors. They seem to have proposed to remedy all the remaining defects in underwear construction. If they have not done so we are at a loss to point out the respects in which they are remiss. Much manufacturing is done upon plans previously prevailing and blindly accepted as though perfect. The Lewis garments are designed and worked out with intelligent comprehension of all the requirements of comfort, beauty and durability. That is why they sell to the best trade of the country."

HALF A MILLION LITTLE PIKE.

ROCK RIVER LIBERALLY STOCKED WITH GAME FISH.

Between five and eight hundred thousand pike swim in Rock river to-day that two days ago were not within seventy-five miles of the river. The fish came from eight large cans that the Angleworm Club got from the state fish hatchery in Milwaukee. Half of them were dumped in above the dam and the other half went in below the dam. Within two days the pike will be large enough to afford good sport and when the fish-ways are provided will make Rock river one of the best fishing grounds in southern Wisconsin.

THE WEATHER.

At seven o'clock this morning the thermometer indicated 73 degrees above zero. Cloudy with south wind. At one o'clock p. m. the register was 82 degrees above zero. Partly cloudy with south wind. For the corresponding hours one year ago the register was 43 and 58 degrees above zero.

THAT THOUSAND DOLLAR LEAK.

The Loss of Janesville Mail Matter May Possibly Be Explained.

Arrest of Two Juvenile Mail Robbers in the Beloit Post-Office To-Day.

Special to the Gazette. BELoit, May 17.—C. P. Whitford, the insurance man, has missed mail matter for a number of days. Watch was set and this morning a couple of boys ten years old were detected in pilfering his post-office box.

The boys are both too young to realize the enormity of the crime. They have been placed under arrest and will be given an examination.

An incipient fire in the Goodwin House this morning, damaged the house to the extent of fifty dollars. The baronet prepared by Dr. Knights of Pythias for this evening was literally washed away, causing a further loss of about one hundred dollars.

The Beloit arrest may explain the loss of insurance mail sent to Mr. Whitford from this city. During the past two weeks considerable mail sent by Janesville agents has been missed—among the first one thousand dollars in checks and drafts sent by Silas Hayner. It was this loss that first brought the affair to notice.

A JANESVILLE PASTOR.

DR. C. L. THOMPSON MODERATOR OF THE NATIONAL PRESBYTERIAN ASSEMBLY.

The Rev. C. L. Thompson, for several years pastor of the Presbyterian church in this city is the retiring moderator of the assembly of the Presbyterian church in the United States, which met at New York yesterday. Altogether there were 450 delegates, representing twenty-eight synods or state districts of the Presbyterian church. The synods are divided into 210 Presbyteries, representing 6,300 churches with 700,000 communicants and a total population of 2,500,000. This year's assembly is the 101st.

The assembly was addressed by Dr. Thompson at the morning service yesterday.

Dr. Thompson was pastor of the Janesville church in the years succeeding the war. At the memorable mass meeting following the death of Lincoln and held at the Hyatt House, Dr. Thompson delivered the principal address.

FRANK HAYDEN'S FAT TAKE.

MANAGER OF THE OMAHA REPUBLICAN'S COUNCIL BLUFFS EDITION.

Two Janesville men are now rivals in the Council Bluffs journalistic field. They are Howard W. Tilton and Frank L. Hayden. Ever since leaving this city Mr. Tilton has been manager of the Council Bluffs department of the Omaha Bee. He made the department's success from the first, and the example of the Bee has now been taken by the Omaha Republican. The first number of the Council Bluffs edition of the Republican was received in this city to-day, and at the head of the column was the legend: "Frank L. Hayden, Manager." Mr. Hayden has been in the Council Bluffs newspaper field for some time past, and the energy and enterprise that marked his work in this city has won him recognition there as well. Mr. Hayden's mail for the next few days will be considerably increased by Janesville congratulations.

JOINED IN MARRIAGE.

WEDDING AT THE NORWEGIAN LUTHERAN CHURCH LAST EVENING.

The Norwegian Lutheran church was well filled last evening, and the very air seemed charged with pleasant expectancy. It was a wedding that had called the company together, and at eight o'clock a flutter that ran through the church announced the appearance of bride and groom. The young people, Anton I. Bierkens and Hilda M. Anderson, took their places before the officiating clergyman, the Rev. Mr. Thorvaldson, and the words that were to unite them for life were spoken.

At the close of the ceremony a reception was tendered the newly married couple at the home of Mr. and Mrs. John Bierkens. It was late before the company dispersed.

HIS CASE HOPELESS.

EDWARD POTTER CANNOT RECOVER—MRS. POTTER STARTS WEST.

A second dispatch concerning the injury of his son was received by Charles A. Potter last evening. The dispatch reads:—

"A consultation of physicians pronounce Ed's case hopeless."

Mr. and Mrs. Potter left for Chicago at seven o'clock this morning. Mrs. Potter left at noon for the west and will reach Los Vegas Sunday evening at seven o'clock.

It is understood that at the time of the accident the injured man was standing upon a flat car loaded with ties. He fell striking on his head and shoulders, and the fracture of the spine resulted.

MAY GO OUT OF TOWNS.

MEMORIAL DAY INVITATIONS CONSIDERED BY THE LIGHT INFANTRY.

A special meeting of the Light Infantry to consider Memorial Day invitations was held last evening. Letters were presented from Fort Atkinson and from Brookfield, both towns asking that the company take part in their Memorial Day observances. It was intended at first to decide the matter at once, but a vote finally prevailed to postpone until Monday night. The names of five new members were added to the company's list.

The late Dr. Duo Lewis, in speaking of Warner's Safe Cure, said, over his own signature: "If I found myself the victim of a serious kidney trouble, I would use Warner's Safe Cure." He also said: "The medical profession stands dazed and helpless in the presence of more than one kidney malady."

Dr. Pearl's Soap secures a beautiful complexion.

A TALK ON INDIA.

AN ILLUSTRATED ADDRESS FOR NEXT SUNDAY EVENING.

One hundred sixteen-foot stereoscopic views will illustrate the talk on "Hindooism" at the Congregational church Sunday evening. The address will be by G. W. Leitch and will treat of the people of India and Ceylon as to life, religion and habits. The views, which will be presented by a powerful oxy-hydrogen stereopticon, represent among other subjects, the Hindoos as they are seen at work, their temples and their forms of worship, their beards and the monuments of their superstition. Glances are also given at the surroundings of the missionaries, and at the faces of some of those prominent in the works.

The photographs were procured especially for the lectures by the Misses Leitch, who are now missionaries in Ceylon. The views will be accompanied by short, pointed descriptions by Mr. Leitch, who has for several years been engaged in mission work in Ceylon.

The lecture will take the place of the usual Sunday evening service, a collection being taken to defray the expenses.

WILL CARE FOR THE DEAD.

THE NEW UNDERTAKING ESTABLISHMENT OF NELSON BROS.

Within a few days a new undertaking establishment will be among the business enterprises of this city. It will bear the sign Nelson Bros. and will be in the Wilcox building one door west of Nelson Bros.' barn on Court street.

For some time past arrangements for the opening have been made. The building has been suitably finished and a commodious show-room partitioned off. During the winter and spring Mr. John Nelson has spent much of his time in Chicago and Rockford studying scientific embalming and is now thoroughly prepared. Having teams, carriages and hearse of their own it will be possible for Nelson Bros. to reduce funeral expenses considerably, and a low scale of prices has been arranged. The new work rooms, which are on the second floor, are now nearly ready to be thrown open to the public.

SCANDINAVIAN INDEPENDENCE.

THE HAIRY SONS OF NORWAY CELEBRATE THE SEVENTEENTH OF MAY.

The people of Norway, and those scattered throughout the world, observe May 17th as a national holiday. The day is observed in commemoration of constitutional independence gained May 17th 1814, this being the seventy-fifth anniversary. In Janesville there is no general celebration, and the observance of the day is confined to family reunions. Stoughton, however, having a regular Fourth of July time—Hon. E. W. Keyes being the orator. The day is also appropriately observed in La Crosse, Sparta, Eau Claire, and in many other places where the Scandinavian language is spoken.

Notes of the Fashions.

Black tulle toques are all the rage.

Brocades are very little worn this season.

The black lace dress is declining in popularity.

A new shade of brown lilac is "burnt brandy."

New corduroys are beautifully soft and velvety.

All Paris gowns for evening wear are with trains.

Tulle bows will be much worn with evening dresses.

The violet remains the flower of the passing month.

For fashionable women wear draped skirts this season.

The toque and the turban require low collars to look well.

A commensurate cloak of real chintilly lace costs from \$150 to \$300.

A novelty in children's underwear is to have it of "wash silk."

The prettiest of all inexpensive house gowns are those made of chintilly.

Toques and turbans are the most fashionable and the most popular hats.

Gold and silver lined striped, winceys in two colors are much used for petticoats.

The tea gown and the house gown are both made to define the figure more this spring.

The kimono, or Japanese robe, is the foundation or initial idea of the tea gown of 1899.

According to Harper's Bazar girls of 14 or 15 wear their skirts almost to their shoe tops.

The few broad silk skirts that are seen this spring have small figures arranged in stripes.

Russet-leather harness is the correct thing for a yellow dog cart, village cart, or buckboard.

It is very doubtful about long lace circle cloaks becoming popular or fashionable in New York.

"Cinderella slippers" without heels and with very thin soles are in favor for ball wear in Paris.

Both plaided and striped gingham of fine combinations of color will be much worn this summer.

The accordion plaited skirt is very heavy, for it takes ten broadths of ordinary material for its construction.

"Wash silks" for ladies' and children's underwear costs only a dollar a yard, and they are a yard wide.

Bonnets are so very small that old ladies are literally left out in the cold this spring unless they wear hats.

Pearl gray and silver gray and Rose du Barry pink is a favorite color combination in Paris spring millinery.

A triple, or quadruple cape, with double collar and dotman sleeves, bids fair to be a popular spring wrap.

The fancy in harness for horses this spring is to have it in color matching the color of the car, trap, buckboard, or carriage.

Bracelets, or amulets, worn above the elbow are in vogue. Sometimes they are made of ribbon fastened with a jeweled pin.

A crushable or collapsible bonnet is one of the latest London fads of fashion. It can be "sat down upon" without any injury to it.

"Wash silks," for ladies' and children's underwear comes in small patterns arranged as stripes on delicately tinted and white grounds.
